

Apteryx Cloud Imaging Integration List

With Apteryx Imaging, you can worry less about what sensors you own or can buy because our software is hardware agnostic. You can focus on the sensors you want knowing that Apteryx Imaging works with them. **Check out the full list below of fully integrated sensors on the market today that work with Apteryx Imaging.**

	PSPix 2 Scanner, Sopix 2 Sensor, All Pan/Ceph/CBCT Units
	ScanX Scanner
	Tuxedo Sensor, Tuxedo A Series Sensor
	BelSensor Gold
	RVG 5100, RVG 6100, RVG 6200, CS 1500 Camera, 8100 Unit, 8100 EVO Unit, 8200 Unit, 9100 Unit, 9300 Unit, 9600 Unit, PX, DX
	DTX (Veterinary)
	Dentalmind II, Dentalmind III
	DentiMax Dream, DentiMax4, DentiMax3, DirectUSB
	Platinum Sensor, DEXcam 3 (GXC-300), DEXcam 4 (GXC-400)
	EI Sensor, Gemini-JP
	GXS-700, GXC-300, GXC-400, Pan/Ceph/CBCT Units, PX, DX, Denoptix
	IXS Sensor, Optime, Snapshot
	EVA Sensor, EVA Select Sensor

	Solo
	Apex
	Progeny2/ClearVision
	Pan/Ceph/CBCT Units PX, DX, Owandy Sensor, Krystal-X Sensor
PLANMECA	ProSensor, Promax
	KerenHD
	Rio Sensor
	33 Sensor, Elite Sensor, CDR Sensor, Xios Sensor, Xios Plus Sensor, Xios XG Supreme
SIGMA	BioRay HR, BioRay SDX, BioRay DuraSoft SDX, BioRay IO Camera, SigmaCR, Medallion
	Clio (e2vII)
	Lightyear (Suni USB), Suni USBII, Suni IQ
vatech	EzSensor HD, EzSensor P, EzSensor Multi, All Pan/Ceph/CBCT Units
	QuickRay DirectUSB, QuickRay HD, UniRay (Vatech)
XDR Radiology <i>Imaging Through Science</i>	XDR

In addition to the above integrations, our imaging solutions support the capturing of TWAIN sources into progressions.
