How do I setup an insurance fee schedule for D-HMO's?

How do I setup an insurance fee schedule for D-HMO's?

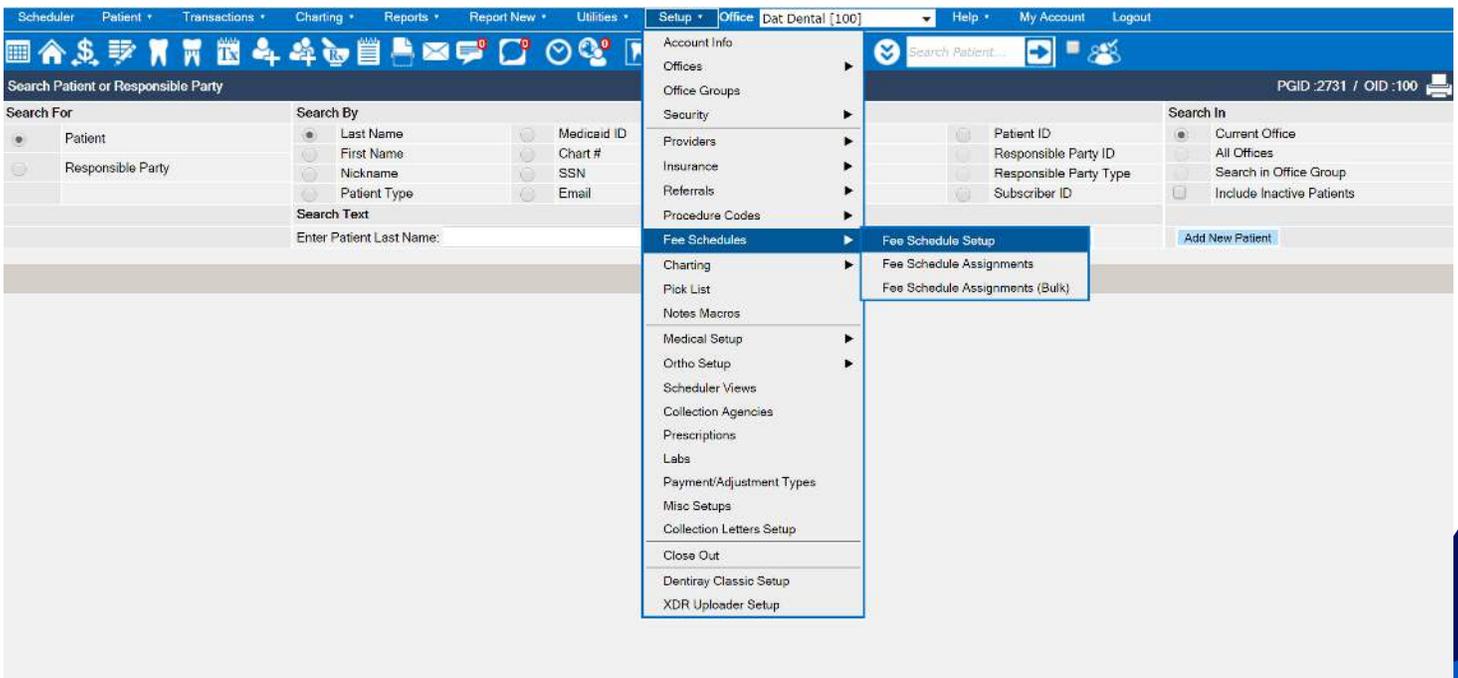

Click the word "Setup" and choose the "Fee Schedules" and "Fee Schedule Setup" options from the drop-down box.

Click the Add New Schedule button, and confirm the addition.

Provide a meaningful name for the schedule. To easily identify and locate the proper schedule, it is advised to use the insurance carrier name and the fee schedule name that is provided by the carrier when naming the schedule in the Denticon program.

Ensure the "Fee Schedule Type" is selected as "Ins. – Managed Care". D-HMO fee schedules require the entry of two amounts – one for the patient responsibility amount and another for the insurance carrier amount.

Click the Save button.
